

## **Service Providers**

All service providers on this list have represented an understanding of the Electricity Retrofit Incentive Program (ERIP) program through attendance of a seminar or meeting dedicated to ERIP. All service providers on this list have declared that they hold all relevant licenses to perform the work they offer, hold liability insurance and, that their work will comply with all applicable laws and standards and manufacturers instructions.

You, the user, should confirm that these terms are included in your contract with the service provider. You, the user, should also obtain competitive quotes from three different service providers, whether or not on this list. It is the responsibility of users to ensure that all licenses, insurance and services offered by the service provider are valid.

Please keep us informed about your experience with them.
